DETAILED ACTION

Claim Objections

Claim 1 is objected to because of the following informalities: in line 5, the number "2" should read -- two --. Appropriate correction is required.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Boss Bow-Bow and Arrow.

Boss Bow is an air-powered launch system. A person grab hold of a contoured hand grip, pull back on the elastic drawstring and let it go and watch the arrow fly. Boss Bow meets the limitations of the claim 1 as shown.
